

R Installation Instructions

Please complete these before the webinar!

1. Go to <https://cran.r-project.org/> and download R for your operating system.
2. Follow the instructions to install R.
3. Go to <https://www.rstudio.com/products/rstudio/download/> and download the RStudio Desktop installer for your operating system.
4. Follow the instructions to install RStudio. You must install R before you install RStudio.
